SETTLING A VEXED QUESTION.

The Weight of Goods Sold by Measure Authoritatively Announced.

For some time past there has been some confusion in the District regarding the proper weight of goods sold by the bushel. This question will, however, be settled by the following report made to day by the Sealer of Weights and Measures in response to an inquiry by the District Engineer:

Apples, dried, 24 pounds; barley, 47 pounds; beans, white, 32 pounds; bran, 30 pounds; buckwheat, 45 pounds; coal (ton), 2240; corn, ear, 20 pounds; corn, shelled, 36 pounds; cornmeal, 48 pounds; onions, 57 pounds; oats, 32 pounds; peaches, dried, 39 pounds; potatoes, 16 pounds; rice, 35 pounds; sweet, 56 pounds; peas, 40 pounds; rye, 56 pounds; salt, 50 pounds; turnips, 55 pounds; wheat, 60 pounds.

District Republican League.

There was a meeting of the Republican League of the District of Columbia last evening at 1406 Pennsylvania avenue, and a most interesting report of the late convention at Nashville was given by the delegate, Captain Frank Aldrich.

The regular election of officers of the league for the ensuing year also took place, and resulted in the choice of the following: President, A. M. Clapp; first vice-president, Lewis Clephane; second vice-president, Fred Douglas; Jr.; recording secretary, Matthew Trimble; corresponding secretary, Colonel Charles P. Lincoln; treasurer, Major A. C. Richards. Except in the case of the two vice-presidents these officers are re-elections.

Entertainment by Public School Pupils.

A very successful entertainment by the pupils of Wallace, Brent, Lenox and McCormick schools was given last evening at Odd Fellows' Hall, East Washington. The hall was crowded by the friends of those taking part.

Mr. Paul Hall in his recitations, and Mr. Harry Weber on the violin proved the greatest favorites with the audience.

The marching, singing and Indian call exercises were all executed with ease and grace. The programme closed with the operatic after-piece, "Puss in Boots."

Emancipation Day.

The 16th of April will be the twenty-second anniversary of the emancipation of the negro slaves in the District of Columbia, and the colored organizations of Washington are now arming for its celebration. Many colored men are opposed to a street parade as likely to call out the worst class of colored people and exhibit the race at a disadvantage, but the feeling in favor of a parade is almost universal among the colored people. S. A. Sumby has been chosen chief marshal.

Fell from the Second Story.

Yesterday afternoon, while experimenting with a fire-scraper at No. 953 K street, Thomas Brooks fell from the second story of the building, and was very seriously injured. Brooks was removed to the Emergency Hospital, but it is stated to day that his condition is not dangerous.

## DEFENDERS OF THE FAITH.

Monsieur Joseph Schreider, D. D.

Monsieur Joseph Schreider, D. D., delivered a lecture at the Catholic University yesterday afternoon on the subject of "L'Esprit de la Papauté."

He opened by defining true civilization, which has for its object the development and perfecting in every particular of man's soul, being in the present life, and afterwards, proved that true religious doctrine is at the same time the supreme law of all real progress and of all civilization. The Pope, he said, had always been and still was, the foremost propagator, promoter and defender of the faith of Christ, and his power was therefore a pre-eminently civilizing one.

Among many other notable services rendered by them to Europe was their defense of Christian civilization when it was threatened with extermination by the Mohammedan invaders, and they would always be found the incorruptible guardians and indefatigable defenders of law, justice, and all other principles necessary to the maintenance of society.

TEMPTED FROM HOME.

A Pennsylvania Farmer's Touching Appeal to the Authorities.

The District Commissioners have asked Major Moore to investigate the case referred to in the following letter received by them to day from a person who signs a female name and has "a sick wife":

Major of Washington, D. C.

I have a daughter who was allured away from home and is now living in your city at 1208 P street, and I am told the parties with whom she lives are very reputable characters, and therefore I would ask you to please send her home to me in York, Pa. I am poor and have a sick wife and would like my daughter home to attend her mother and be away from the evil influences that must surround her, if in the house as I am told in which she is now living.

## IN AID OF WHITE SLAVES.

Signor Moreno's Efforts in Behalf of Italian Children.

Seventeen years ago, through the influence of Signor Celso Cesar Moreno, an appeal was made to Hon. Charles Sumner in behalf of the defenseless Italian humanity of Italy. At the time it was claimed that seventeen thousand children of both sexes were held in the most abject slavery in the Southern States. These children had been kidnapped and torn away from their homes under some subterfuge and sent into the streets as organ grinders, dancing girls and beggars.

Mr. Sumner approved Signor Moreno's idea of correcting the evil. The subject has been agitated since 1873, but without the desired result, and the traffic is only taking larger proportions.

How to Select a Wife.

Good health, good morals, good sense and good temper, are the four essentials for a good wife. These are the indispensable. After them come the minor advantages of good looks, accomplishments, family position, etc. With the first four, married life will be comfortable and happy. Lacking either, it will be in more or less degree a failure. Upright good health depends largely on good temper and good looks, and, to some extent, good sense also, as the best mind must be affected more or less by the weaknesses and whims attendant on frail health. Young man, if your wife is falling into a state of invalidism, first of all endeavor to restore her health. If she is troubled with debilitating female weakness, buy Dr. Pierce's Favorite Prescription. It will cure her.

A Miserable Slander.

From the New York Herald.

Jerry (recovering from the effects of the celebration) "It's me that believe it's these St. Patrick draw all the snakes out of Ireland."

Barney—Why, Jerry?

Jerry—Because, they all came till America, an' I saw most of them this mornin'."

It is to be Regretted.

That many mothers do not commence the use of Mollin's Food until their infants are ill. This food, it must be borne in mind, is not a medicine, and is not intended primarily for sick babies. It is the best artificial food for both healthy and feeble infants.

The Dolphin is a Playful Fish.

From the Pittsburgh Chronicle-Telegraph.

Squid—There is something fishy about the Senators' committee looking for executive session leaks.

McSwillie—How so?

Squid—There's a Dolphin in it.
